

PRECISION IN EVERY PREFORM

About Us

DRJ Plasttech

Established in 2016, DRJ Plasttech is Surat's leading PET Preform Manufacturer. Operating in a **40,000 sq ft** manufacturing facility with 520 MT production capacity and an unwavering commitment to quality and customer relations, DRJ only offers the best.

Our Vision

To foster long-term partnerships with our clients, built on mutual growth, trust, and open communication.

Our Mission

We aim to establish DRJ Plasttech as the benchmark for quality in the PET preform industry, dominate the Indian market, and expand our global reach through exports.
